The CCRD maintains a list of contractors capable of undertaking general projects within the district and providing assistance during an emergency event. **If you have already registered your equipment or services between 2014 and 2021, then we will have your information on file, and there is no need to re-register or update your registration unless you have changed your rates or scope of services provided.**

1. Contractors interested in providing hourly or day rate services related to any of the following, but not limited to: timber falling, heavy equipment, construction trades, maintenance, landscaping, consulting, project supervision/management, surveying and general labour are encouraged to submit a brief letter or email outlining what services/equipment/tools/vehicles are provided, relevant experience, labour/equipment rates and any additional information pertinent to the services provided.

Prior to engagement of contractor services, the CCRD may require proof of WorkSafe BC coverage and may require the contractor to carry commercial general liability insurance, depending the nature of the work being undertaken.
